City Attorney:

Mr. Melchi stated the issue with renting some cafeteria space to the American Legion cannot take place because it will affect the certification for Headstart. The American Legion has also been offered the four classrooms that Excel by Five was going to occupy. The Building Official stated if the City chooses to let them rent these rooms the wall and door would have to be constructed to separate the different entities as governed by state licensing regulations.

H. R. Committee:

HR Director explained the proposed changes to the Leave Policy for personal, sick, and military leave. The change is to allow employees to start using their personal and sick leave on the first day of the month after the leave is earned instead of waiting the completion of six consecutive months of employment. This change would put us in line with the neighboring cities, counties, and the state. It should alleviate the accrual of compensatory time by new hires.
