The Mayor addressed item (h) first regarding the 1336 Diller Road tree because the homeowner, Cathy Berry was present. The City Attorney explained that he received a letter from the Secretary of State granting permission to the city to enter the property which is owned by the state for the purpose of removing trees (Exhibit h). Ms. Berry said that a pine tree fell in a rainstorm a month and a half ago into a water oak which was fortunate because it could have fallen into her master bedroom. She fears that the tree could further fall causing damage to her home. Motion was made by Alderman Gill, seconded by Alderman Authement and unanimously carried to approve cutting of the tree that is threatening the residence at 1336 Diller Road because of the permission granted by the Secretary of State and to remove any threat of liability upon transfer of the property to the city upon which the tree sits.

Motion was made by Alderman Cox and seconded by Alderman Gill to authorize the Mayor to execute the contracts with Overstreet and Associates, PLLC (Exhibit d) and Brown, Mitchell & Alexander, Inc. (Exhibit e) for city engineering services. Alderman Blackman objected that the previous contract with one firm, Compton Engineering, was for up to \$10,000 a month and the proposed contracts with two firms are each written for up to \$10,000 a month per firm which equates to \$20,000 a month which is double the current cost. The Mayor said that he and his Executive Assistant are developing a spreadsheet to be used as an internal control to track engineering costs monthly. He will have the Department Heads turn in the report to him twice a month to monitor engineering expenses. Motion carried with Aldermen Gill, Authement, Cox and Papania voting aye and Aldermen Blackman and Impey voting nay.
